

January 2024

Sue A. Aicher, Ph.D.

Business Address: Oregon Health & Science University
Department of Chemical Physiology & Biochemistry
3181 SW Sam Jackson Park Road
Portland, OR 97239-3098
Phone: (503) 418-2550 Fax: (503) 494-4352
e-mail: aichers@ohsu.edu

Education: 1985 Bachelor of Science with High Honors
New Mexico Institute of Mining and Technology
Socorro, New Mexico
1989 Ph.D. in Psychology
The University of Iowa
Iowa City, Iowa

**Professional
Employment:**

The University of Iowa
Psychology Department
Iowa City, IA
Research Assistant, 1985-1989

Cornell University Medical College
Department of Neurology & Neuroscience
New York, NY
Postdoctoral Associate, 1989-1993
Instructor, 1993-1995
Assistant Professor, 1995-2000

Oregon Health & Science University
Neurological Sciences Institute (*closed in 2008*)
Associate Scientist, 2000-2007
Senior Scientist, 2007-2008
Research Development and Administration
Director, University Shared Resources Program, 2007-2010
Director, Shared Instrumentation Program, 2010-2020
Department of Physiology and Pharmacology
(*renamed Chemical Physiology & Biochemistry, July 2019*)
Adjunct Associate Professor, 2000-2008
Professor, 2008-present (tenure granted 2015)

Active Grant Support:

National Heart, Lung and Blood Institute, R01 HL46833 “Peripheral sympathetic dysfunction in cardiac disease”
(Habecker, PI); **Role: co-I**, 2020-2024

National Eye Institute, R61/R33 EY032468 “Tear protein biomarkers of refractive surgery pain” **Role: PI**, 2020
- 2026

Active Grant Support (continued):

National Institute of Mental Health, R01 MH127343 “Strategy to map electrical synaptic connectivity in neural networks” (Ribelayga, PI) **Role: co-PI**, 2021-2024

Department of Defense, “Mechanisms underlying severe chronic pain in Schwannomatosis” (Matsumoto, PI) **Role: co-I**, 2021-2024

National Eye Institute U01 EY034680 “Mechanisms of Pain and Photophobia in Migraine and Dry Eye” **Role: PI**, 2022-2027

National Institute of Drug Abuse R01 DA055645, “Cocaine, Parvalbumin, and Perineuronal Nets” (Sorg, PI) **Role: co-PI**, 2023 – 2027

Completed Grant Support:

University of Iowa, NIH Neuroscience Graduate Training Fellowship, 1987-1989

United States Public Health Service National Research Service Award, 1990-1993

American Heart Association (National Chapter) Grant-in-Aid, 1994-1996

American Heart Association (National Chapter) Established Investigator Award, 1997-2001

National Heart, Lung and Blood Institute PPG grant (D. Reis, P.I.), co-leader of section 4, 1997-2000

Murdock Charitable Trust, Instrumentation Grant (TEM facility), 2003

Medical Research Foundation of Oregon, Seed Grant, 2003-2004

National Heart, Lung and Blood Institute R01 grant (HL56301), Role: P.I., 1997-2009

National Inst. Neurological Disorders & Stroke R01 grant (NS063010, M. Gold), Role: subcontract, 2009-2012

National Institute on Drug Abuse R01 grant (DA027625, Aicher, Ingram, Morgan); Role: co-P.I., 2009-2014

National Institute of Dental and Craniofacial Research R01 grant (DE12640), Role: P.I., 1999-2014

OHSU Presidential Bridge Funding, 2015-2016

Medical Research Foundation of Oregon, 2016-2017

National Eye Institute, R41 grant (EY030804 “Resveratrol as a corneal pain therapeutic”) Role: P.I., 2019-2021

National Institute on Drug Abuse, R01 grant (DA040965, Sorg, Brown, Aicher); Role: co-I, 2016-2022

National Institute of Neurological Disorders & Stroke, P30 grant (NS061800), Role: P.I. and Director, 2009-2022

Consultant for the following Grants:

Nathan R. Selden (P.I.)	NIH, K08 NS 0044255	2002 – 2007
Catherine W. Morgans (P.I.)	NIH, R03 EY 016078	2005 – 2007
Jacob Raber (P.I.)	NIH, R01 MH 077647	2007 – 2012
Alan Randich (P.I.)	NIH, R01 DK 073218	2007 – 2010
Elena Bagley (P.I.)	Australia Research Council	2012 – 2014
Vivek Unni (P.I.)	NIH, K02 NS096190	2016 – 2021

Grant review for (*chair):

The Wellcome Trust (U.K.); National Science Foundation; Multiple Sclerosis Society of Canada

NIH: Experimental & Cardiovascular Sciences, ad hoc reviewer, 2000

Somatosensory & Chemosensory Study Section, Special Emphasis Panel, 2002, 2004, 2005, 2006

Sensorimotor Integration Study Section, Special Emphasis Panel (SEP), 2004, 2013, 2014 *

Chronic Fatigue Syndrome, Fibromyalgia Syndrome, Temporomandibular Dysfunction, SEP, 2007

Shared Instrumentation Study Section (S10 panel) for light microscopy, 2002 – 2007, 2013, 2015, 2018

Shared Instrumentation Study Section (S10 panel) for electron microscopy, 2015, 2016 *

Somatosensory & Chemosensory Systems Study Section, permanent member, 2007 – 2011

NIDCR Institutional Training for Dental and Craniofacial Workforce grants, 2011

NHLBI Special Emphasis Panel, 2013, 2015
 NIDCR DSR Panel, 2013; Special Emphasis Panel, 2014
 VA RRDA Panel on Spinal cord injury & neuropathic pain, 2018
 Department of Defense review panel, 2018
 National Eye Institute, Special Emphasis Panel, 2021
 NIH COBRE review panel, 2021
 NIH HEAL Biomarker review panel, 2022
 NIH Neurobiology of Pain and Itch (NPI) Study Section (ad hoc), 2023, 2024
 National Eye Institute, K99/K00 Study Section, 2023

Other NIH Service:

NEI ocular pain workgroup 2010
 NEI Strategic Planning Panel, Biology & Neuroscience of Vision, 2020

Professional Organizations:

American Physiological Society (APS); Association for Research in Vision and Ophthalmology (ARVO); International Association for the Study of Pain (IASP); Society for Neuroscience (SFN); US Association for the Study of Pain (USASP)

Manuscript review for: *American Journal of Physiology; Anesthesia & Analgesia; Brain Research; Brain Research Bulletin; Cellular & Molecular Neurobiology; Cerebral Cortex; Experimental Eye Research; Experimental Neurology; Experimental Physiology; European J Neuroscience; European J Pain; Frontiers in Molecular Neuroscience; Frontiers in Pharmacology; Frontiers in Medicine; Frontiers in Molecular Neuroscience; Headache; Hypertension; Investigative Ophthalmology & Visual Science; J Cerebral Blood Flow and Metabolism; J Chemical Neuroanatomy; J Comparative Neurology; J Dental Research; J Autonomic Nervous System; J Neuroscience; J Neurocytology; J Neurophysiology; J Pharm. & Experimental Therapeutics; J Physiol.; Neurobiology of Learning & Memory; Neuropharmacology; Neuroscience; Neuroscience Letters; Ophthalmology; Pain; Pain Reports; Peptides; Pharmacology, Biochemistry & Behavior; PLOS ONE; Proceedings of the National Academy of Sciences (PNAS); Synapse; Translational Vision Science and Technology; Violence Against Women*

Editorial Board: Journal of Chemical Neuroanatomy, 2011-present
 Journal of Comparative Neurology, 2016-present

Invited Research Presentations:

Erasmus University, Rotterdam Anatomy Department	July 1993	Reticulospinal projections from a vasodepressor area in the gigantocellular reticular formation of the rat
University of Utah Pharmacology & Toxicology	May 1996	Brainstem regulation of cardiovascular function
Experimental Biology Symposium	April 1998	Synaptic connectivity of the medullary baroreflex arc as determined by neuroanatomy
Oregon Health Sciences University Physiology & Pharmacology	December 1998	Brain stem pathways that regulate sympathetic outflow
Cornell University Medical College Progress in Neuroscience series	February 1999	Synaptic regulation of autonomic pathways in the brainstem and spinal cord

Invited Research Presentations (continued):

Oregon Health & Science Univ. Neurological Sciences Institute Portland, OR	March 1999	Receptor localization on dorsal horn nociceptive neurons
Baroreceptor & Cardiopulmonary Receptor Reflexes Conference Iowa City, IA	August 2000	Ultrastructural studies of baroreceptive neurons
Dalton Cardiovascular Research Ctr. University of Missouri Columbia, MO	January 2001	Heterogenous distribution of receptors on autonomic neurons
Oregon Health & Sci.Univ. Neurological Sciences Institute Beaverton, OR	January 2002	AMPA receptor plasticity in autonomic neurons induced by hypertension
Washington State University, Psychology Dept., Vancouver, WA	October 2002	Anatomical studies of trigeminal pain pathways
University of Sydney Sydney, Australia	August 2005	Hypertension-induced synaptic plasticity in the nuclei of the solitary tract
George Washington University Pharmacology Dept. Washington, DC	September 2005	Brainstem distribution of mu-opioid receptors
Temple University Ctr. for Substance Abuse Research Philadelphia, PA	September 2005	Opioid receptor distribution in rat brainstem: It's MOR complicated than you think
Drexel University Pharmacology Dept. Philadelphia, PA	September 2005	Localization of mu-opioid receptors in pain and autonomic pathways
University of Pittsburgh Center for Pain Research Pittsburgh, PA	February 2007	An anatomist's guide to trigeminal pain pathways
Mayo Clinic Rochester, MN	May 2008	Anatomical substrates for the mediation and and modulation of trigeminal pain
International Narcotics Research Conference Portland, OR	July 2009	Descending pathways from periaqueductal gray to rostral ventromedial medulla to spinal cord: Is there neurochemical and functional specificity?
University of Minnesota Neuroscience Dept	February 2010	Trigeminal pain: Ascending and descending pathways

Invited Research Presentations (continued):

OHSU Anesthesiology Dept.	March 2010	Opioids and pain pathways
West Virginia University Center for Neuroscience	January 2011	Opioid and dopaminergic pain modulation in the periaqueductal gray
OHSU Pain Day	February 2012	Pain pathways from cornea to brain: Neurochemistry and central targets
Washington State Univ. Neuroscience Program	January 2013	Pain afferents from the cornea: A unique view from the eye
OHSU Biomedical Engineering	March 2013	Microscopic resolution in neuroscience: From systems to the subcellular
University of Arizona Pharmacology Department	April 2016	Role of corneal nerve fibers in pain and disease
Microscopy & Microanalysis Portland, OR	August 2019	Quantitative anatomical approaches to examining plasticity in neural circuits
George Washington University Neuroscience Institute Washington, DC	October 2019	Pain and dry eye after corneal nerve injury
American Medical Women's Association Conference Portland, OR	December 2019	Building resilience through trauma-informed yoga
US Assoc Study of Pain Annual Mtg Symposium Durham, NC	April 2023	Ocular pain in rats and humans after refractive surgery
Amer. Soc. For Neurochemistry Annual Mtg Portland, OR	April 2024	Biomarkers of eye pain after refractive surgery

Teaching and Training Activities:

Course Instructor, *General Psychology*, Department of Psychology, University of Iowa, 1987
Lecturer, *Chemical Neuroanatomy*, Dept. Neurology & Neurosci., Cornell Univ. Medical College, 1992 -1996
Journal Club Leader, *Brain and Mind*, 2nd Year Medical School Course, Cornell Univ. Med. Coll., 1997 - 2000
Lecturer, *Peptides and Pain*, Department of Pharmacology, Cornell University Medical College, 1997 - 2000
Lecturer, *Neural Science I*, Center for Neural Science, New York University, 1997
Lecturer, *Cellular & Molecular Neuroscience*, Graduate School Course, Cornell, Weill Med. Coll. 1999 - 2000
Lecturer, *Neuroanatomy*, Neuroscience Graduate Program, Oregon Health & Science University, 2001 - 2006
Lecturer, *Systems Processes & Homeostasis*, 1st Year Medical School, Oregon Health & Science Univ, 2008
Lecturer, *Neural Substrates of Addiction*, Graduate School Course, Oregon Health & Sci Univ, 2010 - 2016
Lecturer, *Neurophysiology and Pharmacology of Pain*, Graduate School Course, OHSU 2013 - present
Discussion Group Leader, *The Practice and Ethics of Science*, required graduate course, OHSU, 2009 – present

Teaching and Training Activities (continued):

Lecturer, *Respiratory Physiology*, required course Physician Asst Program, OHSU, 2016 - 2018

Lecturer, *Pain Intersession*, required Medical School Course, OHSU, 2016 - present

Instructor, *Neuroanatomy*, required Medical School Course, OHSU, 2017 - present

Assistant Director & Search Committee Member, Integrative Biomedical Sciences Graduate Training Program, Oregon Health & Science University, 2001 – 2003 (training program restructured)

Faculty Member, Neuroscience Graduate Program, Oregon Health & Science University, 2001 – present

Faculty Member, Program in Molecular and Cellular Biology, 2008 – 2019 (program redesigned in 2019)

Faculty Member, Program in Biomedical Sciences, 2019 - present

Ph.D. Qualifying Exam Member for: Diana Parrish (2011); Qi Liang Chen (2013); Kayly Lembke (2013); Gabriel Romero (2016)

Ph.D. thesis committee member for: Mark Doyle (2001); Brenda McKee (2006); Christina Lorentz (2010); Ryan Gardner (2014); Kayly Lembke* (2017); James Goodman (2019); Gabriel Romero (2021); Kayla Williams* (2024)

*Dissertation Advisory Committee chair

Summer Research Trainees (name, trainee institution at the time of training, year of training):

Bernard Chang* (New York University, 1995); **Geneviene Yuen*** (Yale, 1997); **Ann Punnoose*** (Candozo High School, 1999); **Theresa Zhou*** (Steyvesant High School, 2000); **Patrick Lynch*** (University of Georgia, 2001); **Tiffany Henderson** (Linfield College, 2001); **Tera Cushman*** (University of St. Andrews, 2002, 2003); **Clayton Winkler*** (Lewis & Clark College, 2003); **James F. Colbert*** (University of Iowa, 2004); **Leopold Arko*** (New Mexico Tech, 2004); **Karen Tonsfeldt*** (Oregon State University, 2006); **Helen Helfand** (St. Mary's Academy High School, 2006); **Emily Deichsel*** (Lewis & Clark College, 2007, 2008) **Margaret Dowling** (Lewis & Clark College, 2010); **Katherine Yang** (Westview High School, 2015); **Aveek Ganguly** (Westview High School, 2017); **Emma Eikermann** (Lewis & Clark College, 2017); **Madeline Otto*** (U. of Portland, 2018); **Chimezie Aamefunu** (Univ. of Pennsylvania, 2022); **Kaila Reyes** (Portland State University, 2023)

* indicates trainees who completed and/or are pursuing M.D., Ph.D. or other advanced degree

Postdoctoral Trainees:

Deborah M. Hegarty, Ph.D.

dates:

2006 - 2012

current role:

Senior Research Associate, OHSU

Shelby Suckow, Ph.D.

2009 - 2013

Scientific Program Manager, Allen Brain Institute

Tally Milnes, Ph.D.

2010 - 2014

Assistant Professor, University of Arizona

Damayanti Bagchi, Ph.D.

2022 -

Other Academic Service:

Faculty Search Committee, Neurological Sciences Institute, Oregon Health & Science University, 2000-02

Strategic Planning Committee, Neurological Sciences Institute, Oregon Health & Science University, 2006-07

Core Oversight Committee, OHSU, 2007-2010

Interprofessional Education Program, OHSU, Small Group Leader, 2013-2014

Physiology & Pharmacology Shared Equipment Committee, 2015-2021

National Eye Institute (NEI) Strategic Planning Committee panel on Neuroscience, 2020

Faculty Senate (elected), OHSU 2020-2024

Faculty Senate Executive Committee (elected), 2021 - 2024

Faculty Senate Compensation Committee (co-chair), 2021 - present

OHSU Policy Advisory Committee, 2021- present

Chemical Physiology & Biochemistry Diversity Equity & Inclusion Committee, 2021 - 2024

Faculty Compensation Bridging Task Force, 2021

Faculty Compensation Equity & Excellence Task Force, 2022

Community and Public Service Activities:

Brain Fair at Oregon Museum of Science and Industry, 2002-2017

Lectures to Lincoln High School Students about Neuroscience and careers, 2009-2011

West Sylvan Middle School Science Fair Judge, 2008-2011

Volunteer at Oregon Food Bank, 2010-2017

Board Member, Living Yoga (non-profit), 2013-2019

Volunteer Teacher, Living Yoga (non-profit), 2013-2020

Volunteer, Women in Science (non-profit), Portland, 2020 – present

Board Member, Call to Safety (non-profit), 2022 - present
